REASONS FOR ALLOWANCE

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 14, 2005 has been entered.

The following is an examiner's statement of reasons for allowance:

Claims 7-16 are allowed primarily because the prior art of record including Kimura does not teach the claimed invention as claimed in claim 7; see applicant's remarks filed November 14, 2005 above, page 4. There does not appear to be teachings or suggestions to modify the prior art to arrive at the claimed limitations in claim 7. The newly cited prior art includes Ohuchi (6,107,164), Wakabayashi et al. (6,603,191 B2), Sugiyama et al. (6,790,694 B2), Farnworth et al. (6,964,915 B2), and Kinsman et al. (200200227257 A1), which teach various processes including separation of semiconductor chips but also do not teach or suggest the claimed invention above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
